

◆ CALIFORNIA AML FORUM PRESENTATION ◆

We hope you had a good holiday season and we look forward to seeing you at this quarter's AML forum meeting. Our first scheduled speaker is James J. Gusek, P.E., who will be presenting a talk titled:

Passive Treatment of Acid Rock Drainage: Emerging Technology or Proven Methodology

Mr. Gusek is a Senior Project Manager with Golder Associates, Inc. based in Lakewood, Colorado and a registered professional engineer. He graduated from the Colorado School of Mines in 1973 with a B.S. in Mining Engineering. He specializes in mine closure, mine land reclamation, and design of passive treatment systems for mine-impacted water.

Since 1987, his work with acid rock drainage prevention and passive water treatment systems has included over three dozen projects throughout the U.S. and in England, Zambia, Malaysia, Fiji, Slovakia, Peru, Chile, and Brazil. He has presented many short courses about the passive treatment of acid rock drainage and has co-authored two books on the subject.

He is currently supervising a bench and pilot scale passive treatment project on the nearby Golinsky Mine for the US Forest Service.

For more information, please contact Carol at Catkins@harriscompany.net or call (530) 758-0477.

Forum Meeting Date/Time:

***February 19, 2004 9-12pm
801 K Street, 20th Floor
Sacramento, CA***
